COURSE TITLE: PERSONALITY DEVELOPMENT WORKSHOP

ABOUT COURSE: This certification course is conducted in association with external agencies for Final Year B Pharm and Final Year M Pharm students.

COURSE DURATION: 35 h staggered over a week

YEAR: 2022-23

CALENDER OF COURSE: 7 h daily for one week

COURSE MODULE:

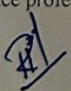

The week long course (35 h) is offered to Final Y B Pharm and M Pharm students to enhance their employability skills. The T and P cell invites external experts to conduct the course. The course is in the form of workshop wherein students are trained in various soft skills through lectures and activities which help them in their professional life. Live group discussion sessions and mock interviews are conducted as part of assessment. Students are also prepare powerpoint presentations on various topics and are required to present the same. The trainers do a qualitative assessment. The following topics are included in the course:

- Communication skills
- Grooming
- Leadership skills
- Resume writing
- Email etiquettes and telephonic interviews
- Presentation skills
- Body language
- Group discussions
- Mock interviews

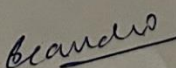

Every module is in association with practical training and assessment.

COURSE OUTCOME:

The course enables students to understand the significance of soft skills in professional life. It helps them to face professional world with confidence and helps them to take leadership roles and initiatives.

College ID No.: PU/PN/Pharm/117/(1996)

Ref. No.:

Date: 5/10/22

COURSE TITLE: ADVANCED INSTRUMENTS HANDLING COURSE

About Course: This course aims to provide hands on training for all the Post graduate students for all the sophisticated instruments in college.

Course Duration: 30 -35 hours staggered over a week (approximately 6 Hours per department)

Year: 2022-23

Calendar of Course: 1 hour daily for 30-35 working days

Course Content:

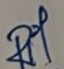

- To study the basic of instrumentation of various analytical instruments in Pharmacognosy and Phytochemistry like Muffle Furnace, Quantitative Microscopy and Soxhlet Extraction technique required for standardization of crude drugs.
- To study the commonly used instruments viz., Cardiac (NIBP) Neuro (Elevated plus maze) Stereotaxic apparatus along with animal handling techniques followed as per good laboratory practices and guidelines of (OECD, CPCSEA etc.) in experimental pharmacology. To study route of administration and blood withdrawal techniques in laboratory animals also to learn Statistic Test using software. To study the Pharmacokinetic /Pharmacodynamic study in laboratory animal.
- To understand validation of analytical instruments like HPLC/HPTLC/ Stability Chamber/ spectrophotometer etc., & methods as per ICH/ USP guidelines, concept of quality assurance and quality control techniques.
- To understand instruments like IR Spectrometer, Rotary Evaporator and Microwave for optimizing various reactions for synthesis techniques. Also to understand Schrodinger software for drug discovery techniques.
- To gain the hands on training of sophisticated instruments used in processing and evaluating of Pharmaceutical product such as Spray drier, High Pressure homogenizer,

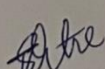

Advanced Instrument Handling Course (page 2 of 2)

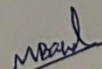

Freeze dryer, Brookfield viscometer, Differential scanning calorimeter, Brookfield texture analyzer, Particle size analyzer .

Course Outcome:

- At the end of the course, the students had knowledge of principal and working of Muffle Furnace, Quantitative Microscopy and Soxhlet Extraction technique required for standardization of crude drugs.
- At the end of the course, the students had knowledge of the commonly used instruments viz., Cardiac (NIBP), Neurological (Elevated plus maze); Stereotaxic apparatus along with animal handling techniques in experimental pharmacology. They understood the route of administration and blood withdrawal techniques in laboratory animals also to learnt about various Statistic Test using software. To study the Pharmacokinetic /Pharmacodynamic study in laboratory animal.
- At the end of the course, the students had knowledge of validation of analytical instruments like HPLC/HPTLC/ Stability Chamber/ spectrophotometer etc., & methods as per ICH/ USP guidelines, concept of quality assurance and quality control techniques.
- At the end of the course, the students had knowledge of instruments like IR Spectrometer, Rotary Evaporator and Microwave for optimizing various reactions for synthesis techniques. Also they could understand the use of Schrodinger software for drug discovery techniques.
- At the end of the course the student can independently work on the formulation development and process optimization using various instruments used in processing of pharmaceutical products and also evaluate the product in terms of quality and stability.

STAFF NOTICE

Project
work

The Training and Placement Cell is organizing a 4 day Personality Development Workshop for Final Y B Pharm students between 31st January 2023 – 3rd February 2023 between 9 am to 6 pm. All Final year teachers are instructed to attend the same in their respective divisions based on your academic schedule of lectures and 'practicals'. Final year teachers are also required to mark attendance of students in their theory and practical attendance registers. Teachers must ensure discipline in the class during the sessions. Any adjustments, if urgent should be done by the faculty with prior permission of undersigned and should be communicated to Dr. MC Damle. TY B Pharm teachers are required to conduct their lectures online as per their timetable

Dear Sir,

Greetings from Mahindra Pride Classrooms-Naandi Foundation!!

We are happy to start our pilot batches of Employability Enhancement & Youth Livelihood Program - Mahindra Pride Classroom Project of Naandi Foundation at AISSMS College of Pharmacy from 12th-18th Oct,2022

The Training details are stated below:

- 1.Trainer - Ms. Kanchan Auti
- 2.Timings - 09.00am - 11.00pm , 11.00pm- -1:00pm, 1:00pm-03:00pm, and 3.00pm -5.00pm
- 3.No. of Students- 50 -70 girl students per batch (All interested final year girl students who wish to take up livelihood next year)
- 4.LED/LCD Projector and Screen for sessions ,Speakers for audio output .
- 5.The College will also support us with the Placement data of these trained students.
- 6.Request to the College Authorities, College students as well as the Trainers to refrain from sharing any details of the Training Programme in social media(FB,Linkedin,Instagram, Twitter).Mahindra Pride Classroom and Naandi Foundation name should not appear anywhere..
- 7.In case if the College is interested to share in Newspaper or Television, the script for the same must be shared with us so that necessary approvals can be taken from the Naandi MPC Team.

Looking forward to remarkable Training sessions...

Thanks and Regards,
Pankaj Dandge

Subject- Regarding conducting one day course on Intellectual property rights.

Respected sir
I am glad to inform you that in collaboration with 'Geniobrain IP solutions', headed by our alumni Mrs Asha Suryawanshi we have successfully completed the certification course in Intellectual Property Rights for M Pharm Sem IV students. As a step to strengthening of our efforts to build intellectual property rights portfolio, Mrs Asha Suryawanshi has suggested to conduct a one day workshop on 'Intellectual Property Rights: Bridging Gap Between Academia and Industry'. She has suggested to involve the faculty from our other institutes like COE and IOIT also, which would improve the inter disciplinary understanding of the research.

I would like to draw your kind attention to the fact that National Accreditation and Assessment council (NAAC) also asks college to undertake such activities as per point 6.3.1 and 6.3.2 where financial assistance to teachers and professional training programmes organized by the college is desired. The program is of one day and cost per candidate is Rs 1500/-, apart from the arrangements like venue, media (audio & visual), white board and round table seating arrangement. The arrangement of tea coffee and lunch is also to be borne by the college. The total cost to institute is about 31500=00. You are requested to advise and sanction the same.
