Description of Activity :

Today the seminar on gender sensitization and menstrual hygiene was held in AISSMS College of Pharmacy by Harshita Raman (Brand touch and analytics, Whisper). The session begins with the presence of faculty members and students in the auditorium. Guest had discussed feminism and also highlighted topics like how to build your confidence, and in what way we should present ourselves during an interview, about menstrual hygiene. Everyone wants a better personality. We are all born with our own set of strengths and weaknesses, and no magic formula works wonders for all of us. When we know who we are and why we act the way we do, we can begin to understand our inner selves, improve our personalities, and learn to get along with others. As a public servant we play a very important role in society which is the very reason why we need to develop our personality.

Outcome/Usefulness: The main objective of this seminar was to believe in you, to be confident, and to develop the skills to embrace changes.
